Bath County Furnishes a Most Remarkable Case of Longevity.

Mr. James Robinson died in Bath County Wednesday.

If he had lived until next November he would have been 99 years of age.

#### Dangers of the Grippe.

The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, it should never be avoided. Among the tens of thousands who have used this remedy for a grippe we have yet to learn of a single case having resulted in pneumonia. We can only say that the remedy is a certain preventive of that dangerous disease. It will cure a grippe in less time than any other treatment. It is pleasant and safe to take. For sale by J. Jas. Wood & Son, Druggists.
